

Admin Pages - Version 3 Changes

Version 3 of the Banner Admin Pages offers a number of changes over the previous version to improve both display and usability.

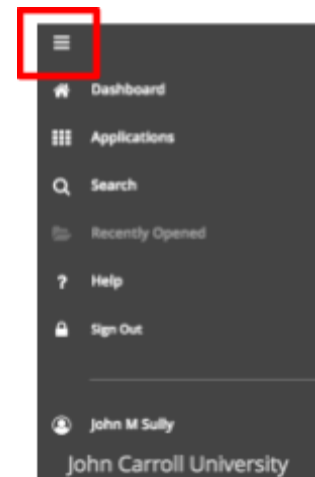

The Menu Bar

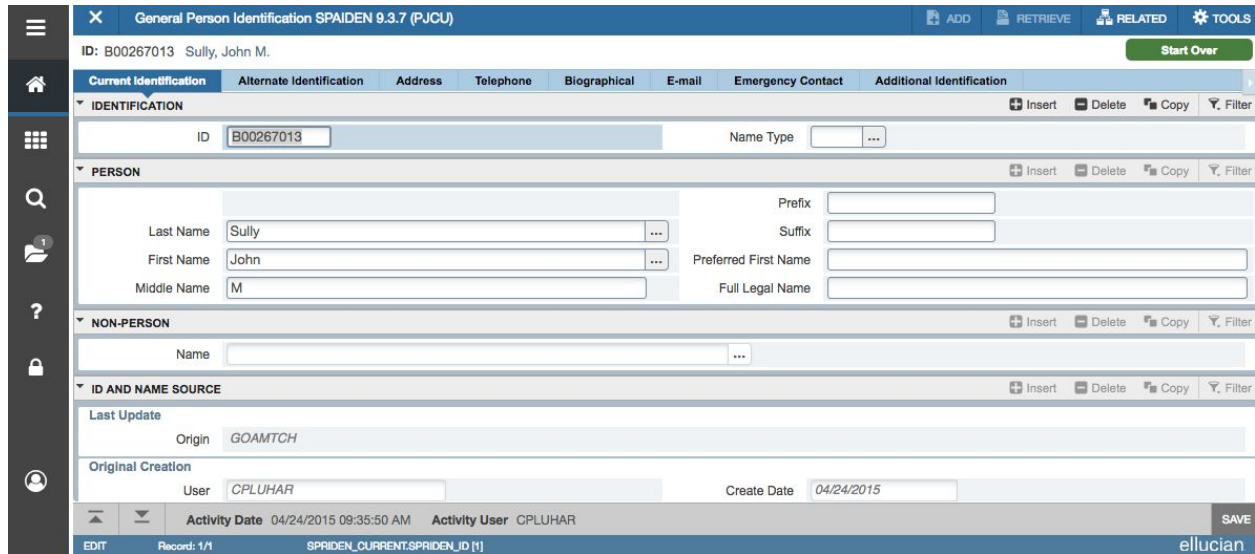

The main menu bar has been redesigned in Admin Pages version 3 and has moved to the left side of the page. This reduces the footprint of the menu bar and allows more vertical space to be dedicated to the display of data, reducing the need to scroll to find the information you need.

Clicking on the  icon expands the menu to show each icon's label.

The list of Banner pages formerly found under this menu can now be found under **Applications**.

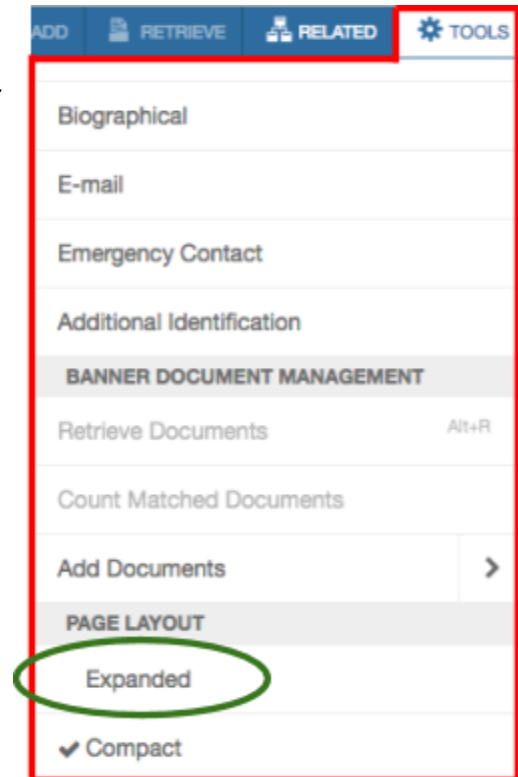

Compact Page View

The screenshot shows a web application interface for 'General Person Identification SPAIDEN 9.3.7 (PJC)'. The record is for 'Sully, John M.' with ID 'B00267013'. The interface is organized into several sections: 'IDENTIFICATION', 'PERSON', 'NON-PERSON', and 'ID AND NAME SOURCE'. The 'PERSON' section contains fields for Last Name (Sully), First Name (John), Middle Name (M), Prefix, Suffix, Preferred First Name, and Full Legal Name. The 'NON-PERSON' section has a Name field. The 'ID AND NAME SOURCE' section shows 'Last Update' with 'Origin' as 'GOAMTCH' and 'Original Creation' with 'User' as 'CPLUHAR' and 'Create Date' as '04/24/2015'. The bottom of the page shows 'Activity Date' as '04/24/2015 09:35:50 AM' and 'Activity User' as 'CPLUHAR'. A 'SAVE' button is visible in the bottom right corner.

Admin Pages v3 now offers a more compact page view, allowing more information to be shown on a given page. This view removes much of the extra space between fields, allowing more of the page to be shown at once. The compact view is now the default for all Admin Pages.

If you wish to use the old expanded view, you may switch to it by selecting **Expanded** under the **Page Layout** section of the tools menu.

The screenshot shows the 'TOOLS' menu in the Admin Pages v3 interface. The menu items are: 'ADD', 'RETRIEVE', 'RELATED', and 'TOOLS'. Below these are several sections: 'Biographical', 'E-mail', 'Emergency Contact', 'Additional Identification', 'BANNER DOCUMENT MANAGEMENT', 'Retrieve Documents' (with 'Alt+R' shortcut), 'Count Matched Documents', 'Add Documents' (with a right arrow), 'PAGE LAYOUT', 'Expanded' (circled in green), and 'Compact' (with a checkmark).
